

**COMMITTED EXPERIENCE**  
**DELIVERING SOLUTIONS**

## MISSION

Our mission is the supply of high-quality products and services in the Energy Production Industry, in a professional and environmentally responsible manner, becoming a fundamental resource for the success of our customers' operations.

## VISION

Our vision is to become the preferred supplier within the Energy Production Industry, meeting and exceeding the customer's expectations, based on best-in-class service quality and customer support.

## OUR VALUES

Focused on our fundamental pillars: "Our People, Service Quality, Excellence and Safety."

## MESSAGE FROM THE PRESIDENT

**CARLOS A.  
TORRES**  
PRESIDENT

Since our inception in 2016, Royal Oaks Energy Services has provided comprehensive and innovative solutions within the Oil and Gas industry. Having worked for over 24 years in this dynamic field across diverse countries and regions, I recognized a growing need for specialized services, where technical, operational and business acumen would enhance service delivery.

**Royal Oaks Energy Services was established with a singular purpose:** to meet these industry demands by offering a unique blend of integrated Technical, Business Consulting, Training Development, Procurement, and Oilfield Services. Royal Oaks Energy Services team's cumulative experience of over 80 years, comprises a select group of industry professionals who possess expertise spanning both the technical intricacies and the business intricacies of O&G projects.
